PROPRIETORS BEE HIVE

If your watch falls to keep good time take it to Murphy. His work is warranted.

There was a fine audience last night at the Opera-house to see Haver's Minstrels. The sketches, dancing and singing was first class and every one seemed to be pleased with the character of the entertainment.

SERIOUSLY INJURED.

An Intoxicated Man Falls off a Wall on West Second Street.

About 6 o'clock last evening a man, who was considerably worse for liquor, fell off the stone wall on West Second street, just west of Schultz, and was seriously hurt. Several parties who saw him fall immediately ran to his aid.

They found him bleeding profusely from a cut in the head. He was conveyed to the office of Dr. C. C. Owens, where he was cared for in the best possible way under the circumstances.

When he reached the Doctor's office he was unconscious from the combined effects of the drink and the fall and was unable to give any information as to his identity.

He was sent to the Diner House where later in the night he told the Hotel people that his name was Bob Powell and that he lived at Greenville, O. At another time he stated that he lived above Aberdeen.

When found he had a bottle of whiskey and two or three watches on his person, and claims that a well known citizen had taken \$15 from him before he met with his mishap. When seen by THE LEDGER man this morning Powell was in a very bad shape, unable to talk and it would not be surprising if his injuries result fatally.

MASON FISCAL COURT.

ARGUMENTS WORTH CONSIDERING.

Some Facts Regarding Expansion and the Results That Accrued to This Country.

REASONS WHY WE SHOULD KEEP PHILIPPINES

The following strong and interesting arguments for the retention by the United States of the Philippines are from Paul Webster Eaton in The Washington Post:

THE CONSENT OF THE GOVERNMENT.
If governments derive their just powers from the consent of all the governed, so just government is possible.

If from the consent of "some of them," a majority of those capable of intelligent judgment should decide.

If the opinion of savages is to be our guide, we should restore this country to the Indians. When they were acting as free agents the so-called Filipino Congress voted 7 to 1 for annexation.

Representatives of the property-owning class came here to urge it.

Reliable correspondents at Manila represent that two-thirds of the natives desire it.

The laboring element favors it.

Ramon Reyes Lala, "the only American Filipino," says: "My people are not ready for independence. It is not the best element who are following Aguinaldo."

Aguinaldo dismissed his first cabinet because they declared for annexation.

INDEPENDENCE IMPOSSIBLE.
The Filipinos have displayed wonderful ability in the art of misgovernment.

Their incapacity was shown by their foolish attack upon our troops while important measures were pending.

By their rehabilitation of a leader who had betrayed them for money.

By seeking our absorption when it could only lead to the usurpation by less liberal powers.

Their so-called Government lacks nearly every requisite demanded by international law.

Aguinaldo was never elected by the people. It is he who wishes to govern some of the races concerned without their consent.

His public acts disprove the extraordinary claim made for him.

His attempts to blackmail the Vatican and Spain by extorting ransom for prisoners is distinctly the act of a pirate.

His last offer of a marked-down sale of prisoners, like his other proceedings, shows a keen commercial instinct.

His followers fly on flags of truce, disguise sharpshooters as women and plan indiscriminate massacre and arson.

THE ADVANTAGE OF PHILIPPINES.
Dewey's 13-ship arguments are the best in such cases.

Anti expansionists talk as if "humanity" were a local issue.

Shall we make a monopoly of civilized government?

Must we acknowledge ourselves the only Nation incapable of propagating its institutions?

Holland, by ruling 20,000,000 Malays, has benefited them and herself. Can we not govern 10,000,000?

They have no chance of civilization or ultimate independence without us.

Submission to Spain or other European powers or a relapse into anarchy are the inevitable alternatives.

We offer, instead, the proper administration of justice and security of life and property.

Shall the world limits of liberal government or those of despotism be enlarged?

Let us not be afraid and go and hide our talent in the earth.

THE ADVANTAGES TO US.
Our presence in the Philippines will not cause friction with foreign Nations.

It will prevent it, because they cannot openly establish agents there to intrigue against us.

The islands will eventually pay our own expenses, and enrich us throughout commerce.

It is claimed that only capitalists and manufacturers will profit by expansion.

COUNTY COURT DAY.

Next Monday Will Be An Attractive Day In This City.

Monday, April 10th, will be County Court Day in Maysville but not the sleepy old kind of which you know but a day of attractive things. All our merchants will offer special inducements to purchasers and at this early spring season when the stores are full of new, attractive and up-to-the-day goods you will quickly grasp what it means by this suggestion.

Stock sales will be held on Limestone street and the prospects are most flattering for a great crowd of people, buyers and sellers. So if you have something to sell bring it in.

Now, for your amusement the Board of Trade has arranged for a free balloon ascension. This will occur in the early afternoon and will be most thrilling. The only colored aeronaut on earth will make the flight to the clouds.

Any Ohioan who comes to Maysville Monday next will be brought across the river free of charge. Such an invitation is heartily extended to all our friends and neighbors. If you have never been to our city, take advantage of this invitation and come, and the bargain you will have a chance at, the joys you will have given you shall firmly establish in your mind the one solid fact that Maysville is a central market in all lines.

County Court Day will take on new life. Stock sales like the days before the War will be instituted and the merchants will offer bargains which are sufficient to entice you because by these you can save money.

The Crowds Are Coming!

The first day's sale of Hechinger's Selling-Out Sale points to the fact that the people are going to take advantage of it. As unreasonable as the day proved to be many customers had to await their turn to be waited on. The efficient force of salesmen handled the crowd nicely, and at the wind-up of the day's business it is believed all were waited on satisfactory.

The Stock Being So Large and Consisting Only of New, Choice Goods,

Is a guarantee to those who perhaps find it inconvenient to attend the sale at its beginning, that they can rest assured that they will find the correct things, no matter when they come. Naming prices in newspapers means nothing. Compare Hechinger's goods with those of other houses, at home or abroad, and you will quickly see what this sale means to you.

THE NEW

Black Crepons.

Counted them yesterday at noon—27 of these brand new elegances in black. How the looms are taught to do such beautiful tricks it's hard to tell.

Here is a Crepon with ribbon-like stripes at third of an inch wide. They form folds but at each intersection the ribbons clasp as if in a hand shake.

Another has wider cross stripes laid on plain, while stripe and background are thickly strewn with silk dots.

Here is one that looks for all the world as though the zig-zag figures were embroidered by hand. Not expensive either—\$1.50 a yard.

Think of a tiny bead broken in bits. The pieces are as large as those that glister in the weft threads of one Crepon. These brightened threads are quarter inch apart.

Another weave has the effect of chenille threads scattered with half care-less hand. This group is called "Mexican"—a number of variations of plain thick and thin designs.

Some new Crepons are almost perfect crepes. They will all wear well—it is an unusual combination—elegance plus service. An important family are the light of \$3.50.

TO THE FILIPINOS

The United States Commissioners
Make a Formal Appeal
to the Natives.

THE BROADEST LIBERTY PROMISED.

A Cordial Good Will and a Brotherly
Feeling is the Animus of
the Proclamation.

The Purpose of the United States is Misunderstood—Representative Filipinos
Are Invited to Meet With the
Commissioners.

MANILA, April 5.—The proclamation of the United States Philippine commissioners, in full, is as follows:

The commission desires to assure the people of the Philippine islands of the cordial good will and fraternal feeling which is entertained by the United States and by the American people. The aim and object of the American government, apart from the fulfillment of the solemn obligations it has assumed toward the family of nations by its acceptance of sovereignty over the Philippines, is the well-being, prosperity and happiness of the Philippine people and their elevation and advancement to a position among the most civilized peoples of the world.

The president believes that the felicity and perfection of the Philippine people is to be brought about by the assurance of peace and order, by the guarantee of civil and religious liberty, by the establishment of justice, by the cultivation of letters, science and the liberal and practical arts, by the enlargement of intercourse with foreign nations, by expansion of industrial pursuits, by trade and commerce, by multiplication and improvement of the means of internal communication, by development, with the aid of modern mechanical inventions, of the great natural resources of the islands, and, in a word, by the uninterrupted devotion of the people to the pursuit of those noble ideas which constitute the higher civilization of mankind.

Unfortunately, these true aims and purposes of the American government and people have been misinterpreted, to some of the inhabitants of certain islands, and as a consequence the friendly American forces have without provocation or cause, been openly attacked. And why these hostilities? What do the best Filipinos desire? Can it be more than the United States ready to give? They are patriots and want liberty.

In the meantime the attention of the people of the Philippines is invited to certain regulative principles by which the United States will be guided in its relations with them.

These are deemed to be the points of cardinal importance:

1. Supremacy of the United States must and will be maintained throughout every part of the archipelago, and those who resist it can accomplish no end other than their own ruin.

2. To the Philippine people will be granted the maximum liberty of self-government reconcilable with the maintenance of a wise, just, stable, effective and economical administration of public affairs and compatible with the sovereign and international rights and the obligations of the United States.

3. The civil rights of the Philippine people will be guaranteed and protected to the fullest extent; religious freedom will be assured, and all persons shall be equal and have equal standing in the eyes of the law.

4. Honor, justice and friendship forbid the use of the Philippine people for the islands they inhabit as an object or means of exploitation. The purpose of the American government is the welfare and advancement of the Philippine people.

5. There shall be guaranteed to the Philippine people an honest and effective civil service, and the fullest extent to which it is practical natives shall be employed.

6. The collection and application of all taxes and other revenues will be placed upon a sound, economical basis and the public funds, raised justly and collected honestly, will be applied only to defray the regular and proper expenses incurred by and for the establishment and maintenance of the Philippine government, and such general improvements as the public interests may demand. Local funds collected will be used for local purposes and will not be devoted to other ends. With such prudent and honest fiscal administration, it is believed the needs of the government will, in a short time, become compatible with a considerable reduction in taxation.

7. A pure, speedy and effective administration of justice will be established whereby may be eradicated the evils arising from delay, corruption and exploitation.

8. The construction of roads, railroads and similar means of communication and transportation and of other public works, manifestly to the advantage of the Philippine people, will be promoted.

9. Democratic and foreign trade and commerce, agriculture and other industrial pursuits tending toward the general development of the country in

the interests of the inhabitants, shall be objects of constant solicitude and fostering care.

10. Effective provision will be made for the establishment of elementary schools, in which the children of the people may be educated, and appropriate facilities will be provided for a higher education.

11. Refrains in all departments of the government, and all carefully of the public service and all corporations closely touching the common life of the people, will be undertaken without delay and effected conformably with right and justice in a way to satisfy the well founded demands and the highest sentiments and aspirations of the people.

Such is the spirit in which the United States comes to the people of the islands, and the president has instructed the commission to make this publicly known.

In obeying his behest, the commission desires to join the president in expressing their good will toward the Philippine people, and to extend to the leading representative men an invitation to meet them for the purpose of personal acquaintance and the exchange of views and opinions.

Jacob Gould Schurman, United States commissioner; George Dewey, United States navy; Ellwell N. Otis, major general, U. S. army; and United States commissioner, Dean C. Worcester United States commissioner.

HARRISON RE-ELECTED.

The Majority Contest in Chicago Resulted as Follows: Harrison, 149,014; Carter, 107,304; Altgeld, 45,616.

CHICAGO, April 5.—Carter H. Harrison was re-elected mayor of Chicago Tuesday by a total vote of 149,014 against 107,304 for Zina Carter, the republican candidate, and 45,616 for John P. Altgeld, the independent democratic candidate. Harrison's plurality in the last majority election was 14,000 against 30,342 for Sears, the regular republican nominee, and 69,637 for Harlan, the independent republican.

The democrats have elected their candidates for the town offices in the north and west towns, the republicans carrying the south town, although the final count may take this from them. The returns at midnight, however, indicate that they have a safe majority.

Of the 34 aldermen elected the republicans secured 19 and the democrats 15. The next city council will consist of republicans and 40 democrats, a gain of 5 for the republicans.

The city ticket of the democrats was elected by majorities all the way between 6,000 and 8,000, the bitterest fight on this part of the ticket was for the city treasurer'ship, which was secured by Ortfelsen, the democratic candidate, by a majority of 8,000. The democrats also carried all the town elections, except the clerk of the north, south and west towns, the majorities running from 6,000 to 10,000.

HE PROTECTED HIS MOTHER.

Lewis Dennis Killed His Father at Millheim, Pa. He Had Him on the Head With a Chair.

MILLHEIM, Pa., April 5.—To save his mother from his father's murderous attack, Lewis Dennis, of near Millheim, killed his father early Tuesday morning by a blow with a chair.

The father, Lewis Dennis, had been subject to epilepsy for many years. The time after midnight the son heard his mother call for help.

Entering the room, he found his father apparently gone insane and was shaking a knife. The son could not induce his father to desist and was forced to brain him with a chair. Mrs. Dennis is still suffering from the shock and physicians fear for her life.

ST. LOUIS ELECTION.

Republican Council Ticket Was Elected by About 10,000 Majority and That Body Remains Republican.

ST. LOUIS, April 5.—Six members of the city council, which is the upper house of the municipal assembly, 25 members of the house of delegates, which is the lower house of the municipal assembly, and four school directors were elected here Tuesday.

The republican council ticket was elected by about 10,000 majority, and that body will still continue to be solidly republican.

In the house of delegates nine democrats were elected, making a democratic gain of five members. Two democratic and two republican school directors were elected.

In East St. Louis, Ill., Mayor M. Stevens, citizens' party, was re-elected by over 1,000 majority.

Cuban Military Assembly Dissolved.

HAVANA, April 5.—The Cuban military assembly, Tuesday afternoon, voted to dissolve the army and to dissolve. The voting was 21 in favor against one opposed. The muster rolls were left in the possession of the executive committee of the assembly, which will facilitate the preparation of copies for Gov. Ben. Groves.

Municipal Elections in Texas.

HOUSTON, Tex., April 5.—Municipal elections were held throughout the state Tuesday. There were no general elections and only local questions were involved. Democratic candidates had members of their own party to beat and did it.

REBELS MASSING.

They Are Concentrating Strong
Forces Five Miles North-
west of Malolos.

HAVE THROWN UP ENTRENCHMENTS.

It Is Believed That Some Hard Fighting Will Be Necessary to Dislodge Them There.

Gen. MacArthur Reconnoitered a Force in That Direction Tuesday Morning—Shots Were Exchanged and Two Americans Wounded.

MANILA, April 5.—Gen. MacArthur reconnoitered in the morning with the Montana regiment, the 4th cavalry and two guns of the light artillery, as far as the river north of Malolos. The reconnoissance developed the fact that there are fully 1,000 rebels armed with Mauser rifles, prepared for defense. Shots were exchanged and two of the Montana regiment were wounded, but there was no engagement.

Later in the day Gen. MacArthur moved northward, as the water supply of Malolos is inadequate.

The insurgents are massing strong forces north of Calumpit, about five and a half miles northwest of Malolos, and according to the observations of the reconnoitering parties they have line entrenchments there.

It is expected that hard fighting will be necessary to dislodge them from that point and at San Fernando, where Aguinaldo is supposed to be. Large rivers strengthen both positions. The Montana regiment had one man killed and three wounded Tuesday. Twenty-five men were prostrated by the heat and brought to the hospital. Two new big Krupp guns, one six-inch and the other eight-inch, were found buried at Malolos, will be mounted.

The Americans have also found 27,007 silver dollars.

The belief is spreading among the residents here that the effect of the capture of Malolos, the former rebel capital, followed by the proclamation of the United States Philippine commission, will be to convince the natives that Aguinaldo's bubble has burst.

Col. Schurman, president of the commission, said:

"The Filipinos have been asking us, 'What do you propose to do for us?' The proclamation answers the question and it should satisfy them."

Col. Chas. Denby, a member of the commission and former minister to China remarked:

"It is the most important proclamation since the declaration of independence. Spanish, Tagalog and English versions have been printed, and it is proposed to circulate them about Malolos and at all the seaports. They will be sent to the lake towns by gunboats."

STEAMER CHILCAT WRECKED.

The Vessel Capsized Just Outside the Harbor at San Francisco. Ten Persons Lost Their Lives.

BERKEA, Cal., April 5.—The steamer Chilcat, enroute to the bay Tuesday, as she was leaving the harbor on her trip to San Francisco. The bar was rough but the steamer was almost over and had blown three whistles to indicate fast and hard turn toward the south when a breaker struck her beam and she immediately capsized.

The steamer North Fork, also bound for San Francisco, had preceded her to sea and seeing the accident, sent back her two boats and succeeded in rescuing four of the crew and one passenger.

The life-saving crew started out immediately, but before they could reach the wreck a man and two women rushed across the spit and, throwing a line, succeeded in bringing three men ashore, Peter Hanson, William Peter Johnson, first mate; W. C. Mason, passenger.

There were six passengers and 13 in the crew, all lost but nine. The vessel lies bottom up and is pounding in the breakers north of the south jetty. She will come ashore before long. The beach is strewn with wreckage, boxes of butter, shingles and one trunk broken open was found, also life preserver badly battered.

AN IMPORTANT DECISION.

Department of the Interior Makes a Ruling in Regard to Applications for Pensions of Spanish War Soldiers.

WASHINGTON, April 5.—The department of the interior has rendered a decision that a declaration for pension executed prior to the date when the right to pension accrued, is null and void.

It was found that a large number of claims for disabilities incurred in the war with Spain were being executed before the claimants were mustered out of the service. All such claims for pensions are void.

Mayor Wheeler Re-Elected.

SPRINGFIELD, Ill., April 5.—Loren E. Wheeler, republican, was Tuesday re-elected mayor by 127 plurality, over John M. Striffler, the democratic nominee.

The contest was a bitter one and several outbreaks occurred at the polls during the day.

VANDERBILT-FAIR WEDDING.

Miss Virginia Fair Becomes Mrs. Wm. H. Vanderbilt, Jr.—A Beautiful Floral Display—Money and Love.

NEW YORK, April 5.—Miss Virginia Fair, second daughter of the late Senator James G. Fair, of California, was married at noon Tuesday to William Kissam Vanderbilt, Jr., at the residence of the bride's sister, Mrs. Hermann Orliech, No. 1 East Fifty-seventh street.

A feature of the wedding was the difference in their religious faiths, the young man being a Protestant and Miss Fair a devout Roman Catholic.

This made a church wedding impossible, but gave an opportunity for some wonderful transformation effects in the halo and conservatory of Mrs. Orliech's mansion.

Since they could not go to church, the church was brought to them and the bridal party moved into a miniature cathedral, with an altar, burning candles and two boys from St. Patrick's cathedral, who carried incense before the bridal pair. The room was a bower of roses. Probably at no wedding

heretofore have flowers been used so profusely. Near the altar was a fountain which was hidden completely with vines studded with bridesmaid roses. The walls were covered with ferns, in which were set all manner of rare flowers. Around the base of the fountain were hand-drawn orchids and white roses. The main aisle through which the wedding procession passed was made of a leafy lane of roses. Thousands of them were trained up to represent trees, which met in a flower-laden canopy overhead. An appropriate feature of this American wedding was the employment of 48,000 lewys in the decorations. Miss Fair was literally a rose herself, as was her bridesmaid, Miss Mary Baldwin Telford, of New York.

Miss Fair's wedding gown gave the appearance of severe simplicity, as no satin was in evidence, and the style was not elaborate. The skirt was cut close to the figure, sweeping off in an extremely long, rounded train. Old Irish lace alone was used for trimming. It ran down the front of the gown and all around the train. The frillings beneath were caught up with tiny rosebuds. Rosebuds were similarly in evidence on the corsage, which was entirely of lace.

The ceremony which made two lovers husband and wife also created another of the great alliances of millions. Both the young people are heirs to great fortunes, which will come to them on the death of parents or friends. Until then they will do housekeeping on \$11,000,000. Miss Fair received a dowry of \$100,000, and William H. has had \$300,000 (some say \$100,000,000) settled on him with which to start in life. One hundred and fifty guests witnessed the marriage ceremony.

Warren F. Leland Dead.

NEW YORK, April 5.—Warren F. Leland died at 5:35 p. m. Funeral services will be held in the Church of the Heavenly Rest at 12 o'clock Wednesday; then the remains will be taken to Chicago where final services will be held Friday at 2 p. m. from the Leland family residence, 451 Drexel boulevard. Interment will be in Lakeview cemetery, Chicago.

Denver Elects a Democratic Mayor.

DENVER, Col., April 5.—Henry V. Johnson, dem., has been elected mayor of Denver by a plurality of about 3,000.

The straight voters alone have so far been counted and the returns from 75 out of 151 precincts in the city give Johnson dem. 4,995; Gates, rep. 3,355; Ames, sil. rep. 3,309; McMurray, ind., 2,776.

Hubert's Condition.

WASHINGTON, April 5.—Vice President Hubert is not progressing as satisfactorily as was hoped for and Tuesday night he was not as well as usual. A disagreeable cough is giving him the most annoyance and he is unable to grow it off. Ex-Secretary Sherman is much anxiously to be able to sit up much of the time.

Wages Increased.

PITTSBURGH, Pa., April 5.—The Carnegie Steel Co. limited, Wednesday posted in all its plants a notice of an increase of wages to its unskilled or common laborers to \$1.40 a day, the advance to date from April 1. The order will affect 10,000 men.

Talmage's Resignation Accepted.

WASHINGTON, April 5.—The presidency of Washington City at its semi-annual session Tuesday accepted the resignation of Rev. T. DeWitt Talmage as pastor of the First Presbyterian church of this city.
